## PROBE OF PRICES IS UNDER WAY

**Criminal Prosecution May Result From Increased Prices of Food**

## ALL SPECIAL AGENTS

**Of Government Are Making Investigation and United States District Attorneys Are Requested to Co-operate—Responses Being Received.**

(Associated Press Telegram) Washington, Aug. 14.—The movement of the federal government to investigate increases in food prices with a view to a possible criminal prosecution was in full headway today. Attorney General McReynolds has sent to every United States district attorney this circular:

"The department by its special agents in various parts of the country has instituted an investigation into the marked increases in the prices of food stuffs since the outbreak of the European war with a view of ascertaining whether the increases are due to any combinations or combinations in restraint of trade or other unlawful action. Please co-operate by communicating to the department any information which you can obtain on the subject together with your opinion in respect of the appropriate action to be taken."

The responses are already beginning to come into the department from the telegraphic notice of these instructions.

The department has been inquiring for several months into the question of increased prices prior to the European war. It has had under way an inquiry into the increase in the cost of meats, with special reference to the Argentine situation; the increased cost of eggs, sugar, canteloupes and other commodities.

Agents of the department of commerce began their work today as part of the investigation ordered by President Wilson to determine if food prices in this country are being artificially raised because of the European war. These instructions were sent to field agents in New York, Boston, Seattle, Chicago, Atlanta and New Orleans:

"You are instructed to inquire immediately and carefully whether there has been a recent rise in retail prices in your city and vicinity and if so, on what articles and to what extent. Special attention should be given to food stuffs and articles of clothing and other necessities. Learn whether the advance, if it exists, is general or confined to particular commodities, and if so, what ones. Find if it has been sudden or gradual, if any articles have fallen in price, state the facts concerning them. Learn what reasons are given for any advance that may have occurred and inquire (Continued on Page 10, Col. 1.)

## Pres. Wilson Confronted With Problems Caused By the European War

(Associated Press Telegram) Washington, Aug. 14.—Two important problems, involving the neutrality of the United States during the European war were before President Wilson and his advisers for final action at today's cabinet meeting. One was a plan to apply to all cable offices in the United States the same censorship which recently was placed on radio stations to prevent neutral territory from being used as a base for the transmission of military or naval information to the warring European nations. The other problem involved the granting of permission to American banks to float loans in this country for any of the countries involved in the European war.

While President Wilson and Secretary Bryan had practically agreed that an impartial enforcement of neutrality would require censoring of cables as well as wireless, yet in connection of a new phase, postponed final decision until today. This is the comparative ease with which Great Britain could evade the censorship at cable offices in the United States by sending all her messages

## Austrian Steamer Hits Mine and 500 Reported Killed

(Associated Press Telegram) London, Aug. 14. (3.00 p. m.)—About 500 of the passengers and crew of the Austrian-Lloyd steamer Baron Gautsch were killed or drowned when the vessel was blown up today by a mine off the Island of Lussin, on the Dalmatian coast, according to a Reuter dispatch from Trieste. She carried about 300 passengers and crew, of whom about 150 were rescued.

## AUSTRIAN FREIGHTER TAKEN OVER AS PRIZE; WAS UNAWARE OF WAR

(Associated Press Telegram) Montreal, Aug. 14.—The Austrian steamer Ida, 4700 ton, which sailed from Trieste and Naples before war was declared, reached here last night and was taken over by the Marine department at Quebec today as a prize.

Captain Martin Tolle had heard nothing of the war, and was astounded when the marine department officials notified him of the seizure of his vessel. The Ida is a freighter.

## CARRANZA HAS ENTERED MEXICO CITY

(Associated Press Telegram) Laredo, Tex., Aug. 14.—

Neuvo Laredo, the Mexican city opposite this place, received an official telegram that General Carranza entered Mexico City at noon today.

## HARBOR ENTERED BY 2 WARSHIPS WITH WOUNDED

(Associated Press Telegram) Shanghai, Aug. 14.—Two warships, each having four funnels, badly damaged and carrying many wounded entered the harbor at Hong Kong yesterday.

Their identity has not been learned here but the vessels are believed to be either the British armored cruisers Minotaur and Hampshire or the French armored cruisers Dupelex and Montcalm. They are reported to have had an engagement with the German cruisers of the same type, Scharnhorst and Gneisenau.

Despatches from Hong Kong received by the Exchange Telegraph company in London last night said it was reported in Hong Kong that the British fleet in the far east had cornered the German far eastern squadron.

## CRUISERS PURCHASED BY TURKEY

**First Instance of Nation At War Selling Ships Used Against Enemy**

## ACT IS NOT PERMISSIBLE

**According to the Law of Nations—It is Said Action of Germany is Fraught With the Possibility of Grave Results.**

(Associated Press Telegram) Rome, Aug. 14.—Via Paris, 4:30 a. m.—The news that Turkey had purchased the German cruisers Goeben and Breslau, reached here only tonight. This new development in the war situation was discussed with interest in political circles where it was held that it was fraught with the possibility of grave results.

It was stated in semi-official quarters that the vessels would become a strong weapon in the hands of Turkey if Constantinople abandoned its attitude of neutrality. The belief was expressed that the purchase precludes a new position on the part of Turkey and in favor of Germany and Austria-Hungary which is especially important as bearing on the interest of the Balkan states.

The Tribune says that the preparations made at Messina for a "noble death" by the officers of the German cruisers who before sailing from that port made their wills, left the public "unprepared for this farce." Seeing the impossibility of escape from the Anglo-French fleet if they followed their original idea of molesting the transports moving French African troops, the German cruisers sought refuge in the Aegean sea where with the complicity of Turkey which continues to make love to Germany the two vessels contemplated how they might paralyze British commerce in the Mediterranean an interrupt traffic with India.

"But closely pursued they had no alternative to taking refuge in the Dardanelles and disarming. Instead Turkey purchased them. This is not considered permissible according to the laws of nations. Never has a nation at war sold her own ships which already had been used against an enemy. During the Russo-Japanese conflict. (Continued on Page 2, Col. 4.)

## German Casualties Haelen Engagement Number 3,000 Dead

**Grand Duchess of Luxembourg, First Sufferer From War**

The young Grand Duchess of Luxembourg, who rules the little principality south of Belgium, was the first sufferer from the war between France and Germany. The Kaiser sent his troops across her domains regardless of the fact that the neutrality of the little nation was guaranteed by treaty. The country is now being ravaged by soldiers, and it may become one of the main fighting grounds of the war.

## FORMER MRS. CLEVELAND LOCATED IN SWITZERLAND.

(Associated Press Telegram) New York, Aug. 14.—Cable messages made public today gave the whereabouts of Mrs. Thomas J. Preston, formerly Mrs. Grover Cleveland, who went to Europe with her husband, Dr. Thomas J. Preston, Jr., the last spring. The Prestons and the Misses Esther and Marion Cleveland and Richard and Francis Cleveland are safe in St. Moritz, Switzerland, according to the dispatch.

## War News At a Glance.

(Associated Press Telegram) London, 3:30 A. M., Aug. 14.—A dispatch to the Chronicle from West Hartlepool says that the captain of the Danish steamer Huldenæs, declares that he passed seven sunken German ships fifteen miles off Spurnhead, at the northeast entrance of the harbor. Only the masts of the vessels were visible above the water but the captain believes they were German men of war.

(Associated Press Telegram) Paris, Aug. 14.—The allied governments opposed to Germany and Austria-Hungary have agreed to bring Turkey to a realization of its obligations as a neutral power in connection with her purchase from Germany of the cruisers Goeben and Breslau.

(Associated Press Telegram) London, 1:33 P. M., Aug. 14.—A dispatch from Paris to the Exchange Telegraph company today announces that the French minister of war has received news from Bern, Switzerland, that numbers of German patrols have taken refuge in Switzerland. It is stated that no French troops have crossed the Swiss frontier.

(Associated Press Telegram) Athens, Greece, via London, 1:17 P. M., Aug. 14.—Considerable anxiety is felt here in connection with the reported purchase by Turkey of the German cruisers Goeben and Breslau, as it is feared the acquisition of those two vessels may make Turkey uncompromising on the subject of the disposition of the Aegean Islands. A rumor that Turkey had named one of these warships Mitylene is taken as a justification for this belief.

(Associated Press Telegram) Brussels, via London, 1:25 P. M., Aug. 14.—No movements of importance have taken place since Wednesday's serious engagement between the German and Belgian troops, according to an official announcement here today. The communication adds:

"The situation of the Belgian forces remains favorable."

(Associated Press Telegram) Paris, 12:15 A. M., Aug. 14.—It is officially announced that a number of German spies are operating among the French troops in Alsace. The postmaster and mayor of Thann, a town twelve miles northwest of Muelhausen, were detected in the act of spying and shot.

The war office states that in the operations at Liege the Belgians captured 2000 prisoners, while the French on the frontier took more than 1500 prisoners.

(Associated Press Telegram) Berlin, Aug. 13, via Rome and London, 12:45 P. M., Aug. 14.—A special train conveying 300 Americans and five automobiles started for Holland this evening.

Ambassador James W. Gerard is in communication with the authorities of the German ports and with foreign governments on the subject of freights and free navigation for steamers flying the American flag with American passengers on board. No important news as to the war was made public here today.

**Belgian Dead Light in Numbers, as Troops Were Well Intrenched But a Large Number of Wounded Have Been Reported**

## MEN WERE SACRIFICED WITHOUT ANY SCRUPLES

**Soldiers In German Army Were Mowed Down By the Gatling Guns of the Belgians and Fell in Doves—Two Battered Warships, Either French Or British Brought Into Hong Kong Port With Many Wounded Aboard.**

Evidences of a sharp sea fight in Chinese waters were brought to Hong Kong yesterday when two battered warships, either French or British arrived there with many wounded. The telegram, apparently censored did not identify the warships but said they were reported to have been in action with the German cruisers Scharnhorst and Gneisenau.

A London report says the captain of a Danish steamer declares he passed seven sunken German ships on the east coast of England. He could not identify them, but believed they were warships.

The reported purchase of the German cruisers Goeben and Breslau by Turkey, has been made the occasion of action by the British, French, Belgian and Russian allies, which are to call Turkey's attention to her duty as a neutral.

Greece also is perturbed by the purchase of the two cruisers, which she considers will upset the equilibrium of power in the Levant.

Russia is reported from St. Petersburg to have mobilized 5,500,000 men, 2,000,000 of whom are on the German and Austrian frontiers.

Today all is reported quiet along the front according to official statements from France and Belgium.

Belgian accounts of yesterday's cavalry encounter, known as the battle of Haelen, give the total German casualties as high as a thousand killed and wounded. No German report of the engagement has come to hand.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels, which today is stated to be "no longer in danger."

French official reports say the Belgians captured 2,000 German prisoners at Liege and the French have taken 1500 along the frontier. The Belgian government has requested France to provide places of internment owing to lack of room in Belgium.

Aviators are taking a very prominent part in scouting for the armies in the field are suffering severely according to reports.

Belgian authorities report the destruction of three German aeroplanes and the death of two of their pilots, while French reports recount the narrow escape of a French aerial scout from German flying machines which hunted him.

## RUSSIAN TROOPS READY FOR BATTLE.

(Associated Press Telegram) London, Aug. 14.—A despatch to the Central News from Rome says that according to reliable information from St. Petersburg, Russia has mobilized 2,000,000 men on the German and Austrian frontiers, 500,000 on the Turkish and Roumanian frontiers while 3,000,000 men are held in reserve.

(Associated Press Telegram) Brussels, via Paris, Aug. 14.—12:25 a. m.—The German casualties in the engagement at Haelen, Wednesday, are 3,000 dead and wounded. The Germans apparently sacrificed their men without any scruples. During the fight the Germans were obliged to pass two bridges over the Gethe and Velve rivers where they were exposed to a heavy fire. The retiring Germans left piles of dead and wounded at these bridges.

The same carnage occurred on the road from Threke to Haelen where the German cavalry exposed to the galling guns of the Belgians fell in droves.

The infantry and cavalry had a similar reception near Colfaek. The success of the Belgian armies is considered particularly important here as most of the Belgian troops participating had not been under fire before.

The Belgian casualties at Haelen were light in dead as the troops were well entrenched but many were wounded. The situation, which was becoming critical Tuesday morning when the German patrols had arrived close to Brussels, was held to be rapidly improving from the standpoint of the Belgians' twenty-four hours later.

The victory described above was followed by new and successful engagements near Noville-Taviers and

Eghezee, about 9 miles north of Uamur on Wednesday and Thursday. These operations proved that the Germans are retreating further and that the allies, being steadily reinforced, are resolutely pushing ahead. Brussels is no longer in danger, but the situation a few days ago was such that the eventuality of its occupation by the Germans was considered.

The cashier of a Liege bank who arrived here on a bicycle to obtain funds says that he had little difficulty. (Continued on Page 2, Col. 1.)

## KIDNAPPERS GET LONG SENTENCES IN STATE PRISON

(Associated Press Telegram) New York, Aug. 14.—The maximum sentence of from 25 to 50 years in Sing Sing was today imposed upon Pasquale Milone, leader of the band that kidnapped 3-year-old Frank Longo from his home on the East Side and held him a captive for 49 days. Francesco Malacuso, another member of the band, was sentenced to from 12 to 25 years in Sing Sing, while a third member, Vincenzo Acena, was given from 20 to 30 years. Six more alleged members of the band are in the Tombs awaiting trial.

## MOLDERS WILL HAVE EXCURSION TO CEDAR POINT

The Molders Union of this city will have an excursion to Cedar Point on Saturday, Aug. 22. The train will leave the Jewett Car Works station at 5:45 and B. & O. depot at 6 a. m. Returning special train will leave Sandusky at 7 p. m. The fare is only \$1.50 for the round trip and a fine time is promised all who attend. There are many good attractions at the Point which with the bathing will make an ideal outing. Extra fine train service is promised. The public is extended a general invitation to join the excursionists.

difficulty in getting out of Liege on establishing his identity. The German troops, he says, continue their preparations for defense in the event of the Belgium troops taking the offensive, but the impression in Liege is that the Germans are preparing to leave the vicinity as they are hurrying the construction of pontoon bridges over the Meuse.

The cashier says the treatment of the inhabitants of Liege by the Germans give no special cause for complaint. He came to Brussels by way of Huy and Namur.

## FRENCH MINISTER'S STATEMENT OF THE FIGHT ON MOUNTAIN

(Associated Press Telegram)

London, Aug. 14.—12:15 p. m.—The Havas news agency's version of the official statement issued by the French minister of war in Paris at midnight in reference to the fight on the Vosges mountains between the French department of Meurthe-et-Moselle and German Lorraine differs in some respects from that given by the Exchange Telegraph company. It says: "An entire section and not a divi-

sion of the German troops surrendered with their machine guns." The Havas version adds: "In the course of recent operations a number of spies have been court-martialed and shot, including the mayor and postmaster of Thann, in lower Alsace."

"Two French battalions, which had seized the village of Lagarde in German Lorraine above Avricourt, were dislodged by a superior force of German troops and driven back to Xures in the department of Meurthe-et-Moselle on the road to the fortress of Lunéville."

The Belgians in the operations around Liege took more than 2,000 German prisoners and in consequence of its restricted territory the Belgian government has asked France to arrange for their confinement elsewhere.

"At various points along the French frontier the French troops have taken over 1500 prisoners."

A dispatch to the Exchange Telegraph from Paris says that an official statement issued at the French capital sets forth that a French aviator reconnoitering in Lorraine, was pursued by two German airmen. Their machines were larger and faster than the Frenchman's and carried three armed men each. After an exciting chase the French flier escaped and returned to the French lines unharmed.

The statement confirms earlier French reports of the Belgian cavalry's success over the Germans, who it is said, suffered severely.

The Copenhagen correspondent of the Daily News reports that dispatches from Antwerp say that an anti-German mob set fire to a German ship in the harbor at Antwerp. After it was destroyed the mob pillaged another German vessel.

A dispatch to the Exchange Telegraph company from Athens says that King Constantine at the suggestion of the Premier and Minister of War E. Venizelos, has called a conference of all former premiers and party leaders to determine the attitude of Greece in the face of Turkey's purchase of the cruisers Goeben and Breslau from Germany.

A dispatch from Brussels to Reuters agency says the following announcement was issued at noon today: "The Germans are planning a new movement against us, but all dispositions have been made to repel it like the preceding ones."

"Reports show that the situation continues favorable to us and our al-

lies, while the news from Lorraine is highly favorable to the French."

"The general staff has had nothing of the reduction of the forts of Liege. Rumors to that effect, therefore, are false."

## GERMAN CRUISERS IN VICINITY OF SAN FRANCISCO

(Associated Press Telegram)

San Francisco, Aug. 14.—The German cruisers Leipzig and Nürnberg were headed north steaming at full speed, when last seen yesterday north of San Francisco Bay, according to statements of the captain of the steamer Queen, which arrived here today from the north.

The Leipzig was passed by the Queen, 130 miles north of San Francisco, in the forenoon, northbound and making 20 knots an hour, according to the Queen's captain. He said he tried to speak to the cruiser, but all her commander did in response to a wireless call was to hoist the German flag.

The Nürnberg was reported to have passed fifteen miles north of Point Reyes, just north of San Francisco Bay at 4:15 yesterday afternoon.

## EVERETTS ARE REPORTED SAFE IN SWITZERLAND

A cablegram received by Jasper Keckler, representative of E. H. Everett, late Thursday conveys the information that Mr. and Mrs. Everett are now in Vevey, Switzerland, and in no danger. The Everetts left Florence, Italy, early this week.

Mr. Everett's mail formerly was forwarded via London. Recently he ordered it changed to via Italian points. Thursday's cablegram carries instructions to resume forwarding via London, from which it is inferred that mail route from London to Vevey, Switzerland, have been reopened.

Joseph Spence's Funeral.

The funeral of the late Joseph Spence will take place from St. Francis de Sales church at 2 o'clock, Saturday afternoon, Rev. Fr. B. M. O'Boylan officiating. Interment in Cedar hill cemetery.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passing or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Miss Agnes Avery left Friday morning for Dallas, Texas.

## REDUCTION IN MAJORITY OF CONG. WILLIS

(Associated Press Telegram)

Columbus, Aug. 14.—All doubt regarding the nomination by Republicans of Charles Q. Hildebrandt of Wilmington for secretary of state over Charles B. Gairbreath, of Columbus, and of Rudolph W. Archer, of Beloit, Wis., for secretary of the treasury, was removed today by complete, but unofficial, returns made to the secretary of state's office from 74 counties, including all large urban counties.

An unexpected feature of the more complete returns is the reduction of Frank B. Willis' lead over David Tod, for Republican candidate for governor. Willis was given 118,334 and Tod 112,410, making a majority of only 5,924 for Willis.

The 14 counties yet to report are rural communities, however, and probably will give Willis a heavy vote.

Complete returns from 78 counties now give Governor Cox 126,828, and John J. Whitacre 57,328 for the Democratic nomination for governor. Five counties which it is known Whitacre carried are not included in these returns.

The 74 counties give Warren G. Harding 78,882 votes for the Republican nomination for United States senator, Joseph B. Foraker 69,602, making Harding's plurality 9,280. The vote of Ralph D. Combs, who ran third had not been officially tabulated.

For Republican candidate for attorney general, Edward C. Turner is given 108,423, and Roy N. Merryman of Steubenville, 68,248.

Hildebrandt's vote is 55,127, and Gairbreath's 43,594. Archer received 55,510 and Steinbaugh 46,428.

County returns which are not included in these figures, on the candidates of both parties are Adams, Ashabula, Brown, Carroll, Harding, Huron, Pickaway, Putnam, Washington and Wayne. In addition, Geauga, Lorain and Morrow have not reported on returns of Republican candidates.

## FLINT WORKERS WILL MARCH IN NEWARK PARADE

The local union of Flint Glassworkers at the last regular meeting took action upon the invitation to join the Columbus flints in the big Labor Day parade in that city. The action taken was that the invitation be acknowledged but declined and the members will turn out in force in the monster parade in Newark.

There is a strike on in Columbus among this class of glassworkers, and the men there are anxious to make a big showing in the parade, but the Newark men will stay at home and join in the city's celebration.

## CREDITORS MAY ELECT TRUSTEE IN BANKRUPTCY

The creditors of the Ball-Fintze company have received notice that they may place their certified accounts with power of attorney in the hands of Jones & Jones, attorneys, so that they may vote for these creditors at the election of a trustee.

This firm has been selected by several of the larger creditors to look after their interests in this matter, so that if possible the Trustee in Bankruptcy will be elected by the merchandise creditors.

The notice is signed by Ignaz Schwinn, chairman and O. B. Coffman, secretary of the creditors committee.

### CRUISERS

Eight many Russian ships entered Chinese and American neutral ports, but they were disarmed and there awaited the end of the war."

## ITALY MAY ASK AN EXPLANATION OF TRANSACTION

(Associated Press Telegram)

London, Aug. 14.—A dispatch to the Daily News from Rome, says: "Turkey's purchase of the German cruisers Breslau and Goeben has made an unpleasant impression here. Italy probably will demand an explanation as to the future use of these ships and also warn Turkey that she will not allow the equilibrium of the Mediterranean to be threatened as Italy is determined to prevent complications."

A Reuters news agency dispatch from Paris says advisers received there from the Dardanelles declare that contrary to the statement of the Turkish government, the German flag has not been lowered on the German cruisers Goeben and Breslau, nor have their crews been landed since their arrival in Turkish waters.

(Associated Press Telegram)

London, 2:52 P. M., Aug. 14.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and crews of the German cruisers Goeben and Breslau.

It is reported that the two cruisers were met by Turkish vessels outside and escorted into the Dardanelles.

There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited.

## THREE KILLED WHEN A TRAIN STRIKES AUTO

(Associated Press Telegram)

Leesburg, O., Aug. 14.—Three men met death a short distance from here at an early hour this morning when an automobile, stalled on the tracks of the Baltimore and Ohio Southwestern railroad and was struck by a passenger train.

The dead are: E. O. Bonney, salesman of Lima, Ohio; Charles Dewey of Leesburg and George Haas, a lumber man of Highland, O. The engine of the automobile had stopped and before it could be cranked up, the train bore down upon the machine and men.

Charles Hixon of Erie, Pa., and James Adams of Highland, O., who were also in the automobile, were removed to a Cincinnati hospital. Both are in a serious condition.

## K. O. C. HAD FINE OUTING AT THE LAKE

More than 1000 Knights of Columbus, with their wives, families and friends, including delegations from Newark, Columbus, Zanesville, Lancaster, New Lexington, Coshocton, Toledo, Wheeling and elsewhere, participated in the big picnic and outing at Buckeye Lake park Thursday.

For the most part the day was devoted to athletic contests, a ball game and dancing. The old-fashioned dances were used exclusively, and the Harris pavilion was reserved for the picnickers during the afternoon. At night they danced in the Glass pavilion.

The Newark Knights were victorious over a team composed of members of the visiting orders by a score of 3 to 2 in the ball game played on the park diamond.

Winners of the prize athletic events will be announced Saturday by the secretary of the local picnic committee.

Many families took basket lunches with them and ate on the green, while others thronged the hotel dining rooms at the park.

Thursday closing in Newark made it possible for most of the local Knights and their families to go to the lake in the early afternoon. The crowds did not leave until late Thursday night.

## WOULD DISSOLVE THE INJUNCTION; MOTION IS HEARD

Judge T. B. Fulton this morning heard a motion to dissolve an injunction which had been issued against Albert Stanton and George Smoots of Utica, restraining them from the use of scales near the home of Albert King in Utica, who is plaintiff in the suit.

Smythe & Smythe filed the petition alleging that the stench and noxious odors arising from the animals, interfered with plaintiff's enjoyment of his home.

Charles N. Moore appeared for the defendant.

The matter was submitted to the court and decision is awaited.

## Cincinnati Has Some High Priced Major Stars in Prospect—Olympic Games Off.

Cincinnati, O., Aug. 14.—Aside from the steady advance of the Boston team, which now seems to have some prospect of overtaking the leaders before the end of the big fight, there have been no changes of note in the National league race during the past week. New York has been brought back closer to Chicago and St. Louis, thereby making it easier for Boston to advance to the front, provided, of course, the Beane keep up the gait at which they are going at present. The Reds are doing better than holding their own on the eastern trip, a pair of defeats in games that went into extra innings, handicapping them somewhat in their efforts to regain the first division. At the close of the present season, which will be the last season at Pittsburgh on Friday and Saturday, the Reds will perform on the home lot for some weeks, during which new players will be tried out and a strong bid made for a permanent place in the first division. The home series opens on Sunday, August 16, with a game with Brooklyn. Other Sunday games during the series include August 23 with New York, and August 30 with Philadelphia.

This is the particular time of year when the scouts for the big league teams are putting the finishing touches to the dope they have accumulated on various bush league stars in all sections of the United States and Canada. The final analysis on this prospective big league timber will take place during the coming week, and will be followed by announcements of purchases at prices that will make the ordinary mortal gasp. There is no doubt that quotations on promising minor league talent are up, and the club that lands the stars will have a perceptible dent put in the bank account. Cincinnati is said to have snared several of the best youngsters in the minors whose identity will be disclosed within a few days and who probably will be on the team's line-up before the end of the season.

Manager Herzog seems to have passed the experimental stage on three of his four infield positions, third base being the only precinct on the inner circle that seems unsatisfactory. Since his threat to quit the team, Nielson has not been performing up to his early form. Not only has his batting deteriorated, but his fielding is below par, at least two of the games lost by the Reds during the past week being due directly to bobbles on the part of the third baseman. Manager Herzog intends trying out Von Kohnitz at third, and also is angling for an international league third baseman by the name of Buss. A real third baseman, two reliable pitchers and one more outfielder of the Morant-Trombley-Daniels type, and the Reds will be there for a tough battle every day in the week.

It looks like a case of "Farewell, Irene," so far as the international Olympic games of 1916 are concerned. These contests were to have been held in Berlin, but with Germany fighting Great Britain, France and Russia, three of the foremost contenders in previous meets, and with Greece, Norway, Sweden, Denmark and Italy doing things that do not please Germany, there seems to be no one on good terms with the Kaiser but the United States and Austria—and these, with Germany will hardly go in for the big show without the others. No matter how soon the war ends, the wounds inflicted will not be sufficiently healed by 1916 to make it pleasant for any of the belligerent nations to send athletes to Berlin. Selah.

## DIABETIC LEG AMPUTATED.

Physicians know that operations in Diabetes are nearly always fatal, commonly making centers for gangrene, which often appears in this disease. Therefore the following successful operation should interest physicians and Diabetics.

Patient, a San Francisco business man, was taken to the St. Winifred Hospital with a gangrened leg. It was an old case of Diabetes and the gangrene had extended so far that the severance was between the knee and the thigh.

The physician did not attempt the operation till he had eliminated the sugar with Fenton's Diabetic Compound. The resulting physicians felt it would be fatal, but the operating physician knew what he could do after he had eliminated the sugar, and proceeded with the operation.

The fourteenth day the stitches were removed, the wound showing beautiful pink color. The patient left the hospital the fourth week.

## AMERICAN WINS TENNIS EXPERTS' BATTLE ROYAL

McLoughlin, Not Daunted by Team Mate's Defeat, Vanquishes Australian Star.

Forest Hills, N. Y., Aug. 14.—The opening matches in the contest between the United States and Australasia for the possession of the Davis cup, emblematic of the world's team tennis championship, played here yesterday afternoon, resulted in one victory and one defeat for each nation. Anthony F. Wilding of the challenging team defeated R. Norris Williams, II, of the American defenders in straight sets, 7-5, 6-2, 6-3. Not the least disturbed by the defeat of his team mate, Maurice E. McLoughlin evened the day's score by defeating Norman E. Brookes, captain of the Australasian quartet and considered the world's master at tennis, in three stirring sets by scores of 17-16, 6-3, 6-3. As a result the winner of the trophy and championship cannot be decided before Saturday.

The Brookes-McLoughlin match marked a history-making epoch in the court sport and thrilled the 13,000 spectators to a point seldom reached in racket battles. For one hour and twenty minutes these two masters of the game battled through the first set under a broiling sun before Brookes was forced to acknowledge that at last he had met his superior in skill and endurance. The score, 1-16, set a new world's record for cup tennis, supplanting the 16-14 match played between Wilding and Love of the Australasian and English teams, respectively, at Boston last week.

The doubles match is being played at 3 o'clock this afternoon, with Wilding and Brookes representing the challenging nation and McLoughlin paired probably with his regular partner, T. C. Bundy, playing for the United States. The Americans must win this match or take both singles on Saturday in order to retain the cup, since the conditions call for the best three out of five matches.

The Gratiot W. C. T. U. August meeting was held the 12th inst. Mrs. Minnie Chapplear opened with the song, "My Country, 'tis of Thee." Prayer by Mrs. Eastlake. Song, "My Mother's White Ribbon." Scripture reading from Proverbs. After the reading of the minutes and the report of the treasurer, the roll was called and those answering to their names paid their annual dues. Then a cradle roll service was led by the first vice president, Mrs. Mahel Hamilton and Mrs. Josephine Hamilton having signed the following pledge: "I promise to teach my child the principles of total abstinence and purity," brought forward their five children on whom were fastened the white ribbon. They were welcomed into our union as White Ribbon Recruits. Song, "Some Glad Day." Mrs. Eastlake read an interesting paper. Remarks were made by Mrs. M. Chapplear, Mrs. Hattie Lawyer and Mrs. Cora Lawyer. The union decided to purchase one dollar's worth of the stamp: "Ohio Dry in 1915."

## HUNT MAY RUN

Coshocton, Aug. 14.—Rumor says that C. B. Hunt, who was defeated by S. H. Nicholas for nomination for Common Pleas judge, will go on the non-partisan judicial ticket at the November election by petition. The law allows parties to endorse their candidates at primary elections. The names of those endorsed will be placed on the judicial ticket. The candidates on the judicial ticket, however, can go on the ticket by petition and do not need to make the race at the primaries. Hunt was defeated by 167 votes.

## GERMANS PAID PENALTY FOR THEIR DARING

(ASSOCIATED PRESS TELEGRAM.)

London, Aug. 14.—The German army investing Liege underestimated the fighting qualities of the Belgians and paid a terrible penalty for their daring in the opinion of Victor H. Duras, American vice-consul at Liege, as quoted by the Brussels correspondent of the Times.

The correspondent says that Mr. Duras was an eye witness of the first two days of the siege which he describes. The Belgians permitted the forces of General von Emmich to actually pass the forts in their march on the town and then attacked them from the rear from the forts and on the front with infantry. He estimated the German casualties at from five to ten times as great as those of the defenders.

"Speaking as a neutral," says Mr. Duras, according to the Times correspondent, "it seems to be a part of the military tactics of the Germans to fight as much as possible in the night time. Comparatively little fighting occurred at Liege during the day."

"The scheme of the Belgian defense seemed to be not to make any serious resistance to the attack until the German troops were actually past the forts. Then when they were close up to the town and their several bodies trying to effect a juncture, fire was opened upon them from the forts behind and from rifles and machine guns in front, so they were caught in a trap and retreat was cut off. There was nothing for them to do but to be shot down or surrender."

"The amount of suffering on both sides owing to an inability to deal promptly with the wounded, was very great, but especially to the Germans, whose casualties were from five to ten times as numerous as those among the Belgians."

"The Germans paid a terrible penalty for their boldness of their scheme of attack, which from a military point of view, could be justified only by a conviction on the part of the German officers that they would meet with only the feeblest resistance. The mistake they made was in underrating the fighting qualities of the peaceful Belgians."

**Wives of Public Men.**

It is the rule in public service, that the man wins the applause, but the wife often carries a burden the weight of which is unrecognized. The fact is suggested by the pathetic death of Mrs. Woodrow Wilson, and the ill health encountered by Mrs. Taft in the White house. The position of "first lady in the land" is not the ornamental joy it seems to many aspiring women.

The experience of a public man's wife must be a little like those of a soldier's wife. The latter does not have to meet the shock of the battle nor suffer from the miasma of fevers. But she can imagine untold suffering in her quiet life at home.

Similarly it is probable that the wives of public men worry a good deal more about attacks on their husbands than do the men themselves, who are used to the rough and tumble of politics.

Modern social dress parade places a heavy strain on women in public life. It ought to be sufficient for them to supply a quiet and peaceful home life, where their husbands would find refreshment after the contentions and toil of the day.

The customs of political centers make the wives of public men social leaders. They must entertain dignitaries in an attractive fashion, must maintain an appearance of social ease and charm, remove friction, subject themselves to critical comment, meet the intrusions of ambitious persons, and live in a flutter and turmoil.

Mrs. Wilson, not satisfied with meeting all obvious duties, generously tried to uplift the slums of Washington. Her case is a conspicuous instance of the many women who attempt tasks beyond their power to fulfill. Life in the social limelight is one of strain. The greatest kindness the public can confer is to let the wives of public men enjoy a quiet family life so far as is possible.

**Program of Progress.**

Now that the primary election has past and the short breathing spell is at hand which comes before the regular campaign for election, it is well for the people of Ohio to pause to consider.

Governmental authorities and experts all over the country now look to Ohio as the most advanced and progressive state in the Union. They point for example to Ohio where a program of progress in honesty, efficiency and economy has been started in an exceedingly short time.

Beginning with the revolt against dishonesty and inefficiency in the handling of money of the state, and the uprising against the rule of the corrupt political machine which had its grip on the governor, the auditor, the treasurer and the general assembly, Ohio has continued to advance. It has been a hard fight and it has been a continuous fight, nor is the end yet. The fight must continue at the polls in November to put down the reactionaries who have again come to the front.

When Governor James M. Cox came into office less than two years ago he found the field ripe for the progress, which has been indicated under his administration. He found a series of commands for better government laid upon him by the non-political constitutional convention and approved by the people themselves. He found himself pledged to the carrying out of the promises of the most advanced platforms ever adopted by any political party. And now at the end of his first term of service it is seen that the program is only begun. True the laws have been passed, the reforms have been started, the business-like conduct of all public offices in the state is under way, but it is necessary that the progress be continued. To this end it is absolutely essential that the administration of the past two years be continued. Governor Cox and the other men elected on the platform with him two years ago have the work in hand. They have demonstrated their honesty, efficiency, economy and humanity. They have shown their business

qualities. They have rendered good service. They have kept the faith and fulfilled every promise made by them and every obligation laid upon them.

The people of Ohio must re-elect Governor Cox unless they wish to step back a half century in progress.

**J. H. Miller for Senator.**

The Democrats of the joint 15-16th Senatorial district, comprising Licking, Muskingum, Perry and Delaware counties, nominated a Newark man for a seat in the upper body of the state legislature in the person of attorney J. Henry Miller. It was an honor to this gentleman and an acknowledgment of a recognition of his ability and character, that there was no candidate for the nomination placed against him.

The nominee is a Licking county product, having been reared, and spent a great part of his life in Newark.

His ability as a lawyer is unquestioned, he has had wide experience and is a close student of conditions with the results of the application of legislative remedies for many existing evils. His habit of thought will make the work of a senator congenial, and it will be no hardship for him to attend strictly to his duties when elected.

**Greater Prosperity.**

The Florida Citrus Exchange, the largest industry in Florida, has just decided to double its advertising appropriation. In a full page announcement in the leading Florida newspapers this advertiser under the caption "War—Its Effect," declares that the European war is the forerunner of the greatest era of prosperity this country ever saw. The announcement tells why there is no cause for alarm and adds:

"Men called to fight can not till the farms, nor mine, nor manufacture. They must eat to carry the musket. It means greater demand, consequently higher prices for our products, and a stream of foreign wealth in the veins of American commerce."

**By the Way**

If a "down and outer" is naturally worthless the Salvation Army can't rescue him.

A father seldom is without honor save in his own household.

There are all kinds of "jays," including those who express regret that they have never seen Mrs. Langtry act.

Here is another inviolable rule: Every blue serge suit has grease spots on it.

In novels the man eats the dirt. In real life the woman eats it.

It is the man who spends the most for his fun who has the least of it.

There are so few distinctions that if a man is 35 years old he considers it one.

Yawning is induced by a lack of oxygen in the blood, and by the conversations which a husband and wife carry on with each other.

**A Little Fun**

**Then He Produced.**  
"Let me have some money, dear. I want to take a little trip."  
"Can't afford it."  
"Isn't that too provoking? I was thinking of visiting mamma to keep her from coming here."  
"Why didn't you say so at first?"  
—Judge.

**Too Late.**  
"Jack asked me to marry him last week, and I refused. Yesterday I telephoned him that I had changed my mind."  
"What was the result?"  
"He said that he had changed his." —Judge.

**Most Popular Machine.**

**PORTERHOUSE.**  
Oh, luscious steak, you seem to make my innards squirm with pleasure. Of all the meat that can't be beat, you are the pride and treasure. The cook has toiled with zest and broiled the steak just to my liking. Upon my plate I see it wait, magnificent and striking. The gods are kind, that we can find such meat in steers and cows; all men with tanks should give them thanks for inch-thick porterhouses. The doctor views my steak and chews the rag about my diet; "You beat the Turks," he cries; "your works will soon be in a riot. You ought to eat the whole-some beet, the turnip and the carrot, the bean the squash, so help me, Josh," he jabs, like a parrot. "That grub's too rich, 'twill give you 'itch, and mumps and yellow jaundies; it trouble makes, so cut out steaks, and chickens, ducks and ganders." But man will buy his health too high if he feeds like the horses, and lives on hay day after day, or which no man is fonder, and ere my time cash in, and climb to starry heights up yonder.

Any old time I see a man kick a stray car because it tries to play with his children, I always pity that man's children.

Love is what makes a big husky corn-fed girl look up to an undersized mutt who looks like a wet cigarette, and regard him as her Tower of Strength.

The reason why Eugenics isn't making headway is because each man believes it would be a fine thing for the Other Fellow but not for Himself.

The Poor can get a lot of Comfort out of sitting around and chewing tobacco and knocking the Rich. But the Rich can't find any entertainment in knocking the Poor.

One reason why a man won't listen to advice when he is down town is because he gets too much of it when he is at home.

**Paragraphs**

**President Wilson.**  
"Fortunately," says the Herald, "we have at the head of the Government at this critical time a man in whose calmness and judgment we have as great confidence as we have in his patriotism." "Calmness and judgment." Great words, expressing great qualities. In the terrible storm of war that has burst over Europe, Americans have new reason to admire the sense and sanity of their own Chief Magistrate. —New York World.

**America's Position.**  
Every effort will be made to market foreign loans in this country. We are the only big neutral nation, and we have money. But it should be a part of the pacific policy of this nation to lend nothing to the belligerents. When they stop fighting we may very well buy their securities and give them capital to repair damages and start over again. It would be gain for universal peace if no belligerent could borrow a dollar in the United States. We may be very willing to sell them food, whether it goes to civilians or soldiers, but we should lend them no money and sell them no munitions of war. —Philadelphia Record.

**For Merchant Marine.**  
The Senate has passed the bill admitting foreign vessels to American registry. It should not linger long in conference, and when enacted it will give an opportunity for the test, whether this country shall have a mercantile marine. The need is certainly urgent. With abundant crops, and mills ready to fill orders for all sorts of manufactures, business is in a period of suspension for lack of ocean transportation. The merchant ships of five great Nations have had their sailors withdrawn by thousands for the naval reserves and their vessels, if they take the sea, must do so with risk of capture or at prohibitive insurance rates. \* \* \* —Pittsburg Dispatch.

**Behind Gov. Cox.**  
The issue between progress and reaction is now squarely joined in Ohio. The smashing blow dealt by the democrats in Tuesday's primary means but one thing—that the party stands unitedly and inflexibly back of Governor Cox, his record, his policies and ideals. —Dayton News.

**IRENE EDNA SPEER**  
Seven-year-old daughter of Mr. and Mrs. Louis Speer, 17, 403 1/2 Maple avenue, Newark, Ohio.

**Baby in Hot Weather.**

More babies die in very hot weather than at any other time, and that is especially true of babies in the crowded parts of large cities, and of babies who are artificially fed. Among the very poor, an ignorant mother is often a careless one; she leaves milk uncovered, and uses it after it has become stale, and does not wash the nursing-bottles thoroughly.

But many infants die whose mothers are intelligent enough and conscientious enough to see that the child's food is clean and wholesome. They die in spite of frequent changes of clothing and of proper feeding, and they die of nothing except the heat. In a long and intensely hot spell, the strongest little baby will show unmistakable signs of exhaustion, and many of the weaker ones will succumb.

We have all experienced that feeling of complete languor that overcomes us at intervals on a very hot and sultry day. We stop working if we possibly can, use a fan, get a drink of cool water, sit in a breeze if we can find one, and "cool off." The poor cradled baby cannot do that; it must either lie on a hot mattress or be held in warm arms, and it suffers until its vitality is exhausted. The first thing to do in such a case is to get the baby into the open air, and keep it there. A small string hammock in an open window, a clothes basket on the roof, a baby carriage at the door—anything is better than a stifling room that stays hot for hours after the temperature has begun to fall outside.

Do not let the baby lie directly on a mattress or pillow. Use a large, clean sheet of paper for a sheet—paper is a nonconductor of heat—and cool it with a cold-water bottle or two. A cold-water bottle in summer is just as useful as a hot-water bottle in winter. If the outside air is very close, fan the child until a breeze comes up; do not carry it into the house when it grows dark—the cool night air is exactly what the baby needs. Above all, do not neglect the baby from flies with a yard or two of netting. —Youth's Companion.

## ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD-CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves the heat of the nostrils;

penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.  
F. D. Hall, 10 North Side Square, Newark, Ohio.

**Ancient the Increasing Price of Food.**  
(Continued.)

Editor Advocate:—We, the consumers, are entitled to ask the manufacturer, the wholesaler, and the retailer—the producer and sellers of foodstuffs—if they can justify the excessive raising of prices with the excuse that the European continent is in general war.

The Atlantic Ocean is not at war. The United States is controlled at present largely by Great Britain and France. These countries are not starving for need of food. Conditions are such that we cannot export sugar, flour, meat and other articles to Germany. Austria-Hungary and other countries involved in European war. So what justification is there for his action of the producer and distributor of foodstuffs in raising prices?

Just a little mention of the action of the Roumanian government, Aug. 15, 1913.

On July 28, 1913, Roumania declared war on Bulgaria. On July 29, the price of sugar jumped from 1-10 francs to 3-30 francs. Within three days the government had appointed commissioners to investigate. Within five days this commission found that nothing but foodstuffs had been affected by the declaration of war.

At once the government ordered fixed price lists issued for all important articles of food. These lists were published in every newspaper of consequence. These prices were set, and no increase allowed.

Violation of this order was punishable by imprisonment of not less than six months nor more than two years and revocation of license to do business within the boundaries of the country.

Why cannot the producers be humane enough to leave off speculation in such a time, without government action? Let us know, where is the justification?

Augustin Sissea.

## INJURED WOMAN RETURNS HOME

Mrs. John Gobel of Roseville, Muskingum county, who early in the week had a collar-bone broken, when an automobile in which she was riding skidded into a ditch on German street, was taken in Bazel & Bradley's ambulance from the home of her daughter, Mrs. Frank Kern, 575 Prior street, to the Interurban station, where she took a car for her home. She is getting along as well as could be hoped, and her complete recovery seems assured.

In the game between the Newark Grocers and the Utica team, the former was the victor by a score of 9 to 2. The game was played at Wehrle Park. The game was fast, Frank Berry for Newark pitching a very good game. Lawrence Legge, annexed a three-base hit in the third inning.

**"Gets It," 2 Drops,  
Corn Vanishes!**

The Only Sure Ender of All Corns.

Desperate, are you, over trying to get rid of corns? Quit using old formulas under new names, bandages, winding-tapes and cotton rings that make a fat little packet out of your toe. Quit punishing your feet by using toe-eating salves and ointments.

To use knives, files, scissors and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poisoning. The new way, the new principle never known before in corn history, is "GETS-IT." It's a liquid.

Two drops on a corn does the work. It causes the corn to shrivel and soon it comes out. It applies it in a liquid form. Nothing to stick, nothing to hurt and it never fails.

Try "GETS-IT" tonight on corns, callouses, warts or bunions.

"GETS-IT" is sold by druggists everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

## NEWARK KNIGHTS OF PYTHIAS HAD A FINE PICNIC

Newark Knights of Pythias, their families and friends, have the distinction of having had the largest picnic crowd that has been present in Mount-builders' park this season. All day, Thursday, was devoted to merry-making by the visitors in the park.

Many were attracted to the matinee races of the Newark Driving association, and others watched the nail driving contest for women, and other amusing events scheduled for the day.

The uniform rank of Roland and Newark lodges, donned uniforms and plumed helmets at 4:30 and gave a beautiful and spectacular drill, which was reviewed by Gen. E. F. Durand, P. S. R., of Columbus, special guest for the occasion. The Buckeye band furnished music throughout the afternoon, and a dance orchestra accommodated dancers in the pavilion after-noon and evening.

## GALA TIME IS PROMISED AT FRAZEYSBURG

(Special to The Advocate.)  
Frazeyburg, O., Aug. 14.—Extensive preparations are now being made for the annual home coming here to be held Friday and Saturday, Aug. 21-22. Of all the events in the year this is the most gala occasion. Crowds from the surrounding country gather for this event, and the people of the city turn out for the annual celebration.  
The program committee has been very busy and expects to provide the crowds with excellent amusements. The town hall will be devoted to entertainments, and there will be music, drills and races.

## The Courts

**Divorce Petition.**  
That he struck her, misused, maltreated and failed to provide for her, and that he has not lived with her for over a year is charged in the divorce petition of Margaret Shaw against her husband, Bert R. Shaw, in the petition filed in the Probate court by her attorney, James R. Fitzgibbon.

**Suit for Divorce.**  
Suit for divorce was filed in the Probate court Thursday by Attorney Joseph Horner for Flora A. Hahn, plaintiff, against Kearn J. Hahn, defendant.

They were married Dec. 2, 1902, and have one child, Florence, age 10 years.  
The plaintiff gives for her cause of action that eight years ago the defendant deserted her and since that time has refused to live with her and provide for her and the child. She asks custody and control of the child.

**Justice Scott's Court.**  
Will Sanders, who claims Pittsburg as his home, was arrested Thursday on the charge of stealing a pair of shoes from the Newark shoe store. The shoes were recovered. Sanders was in the act of disposing of them in a saloon in South Second street. Hearing of the case will be Friday morning in Justice Scott's court.

The case of Robert Spinks, charged with making menacing threats toward Joe Westerville, was dismissed by Magistrate Scott, Thursday.

The jury which heard the case of W. C. Betz vs. Anna-Betz in Magistrate Scott's court, found for the defendant.

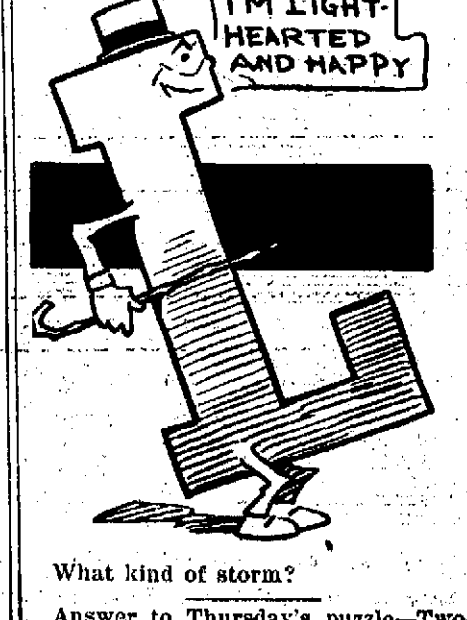

**Nick Beldian and Miss Victoria Daramus** were married by Magistrate Scott shortly before noon Thursday.

**Receiver's Report.**  
Attorney C. W. Montgomery, receiver of the Ball-Fintze Co., Newark, has filed his report with County Clerk Bert O. Horton, showing a sale of stock, fixtures and goods of \$3,025.85 since the beginning of his receivership. Total receipts are given as \$30,066.78; disbursement, \$2,661.96, leaving a balance of \$27,404.82.

## BANKERS WALLOPED

The score of the baseball game between the Bankers and the Y. M. C. A. team played on the White Athletic Field Thursday afternoon was 24 to 0 in favor of the Y. M. C. A. It is needless to say that the centrifugal force which the Y. M. C. A. team developed revolving around the bases so rapidly still has their brains spinning.

Mossman who pitched for the Y. M. C. A. held his opponents to five hits. Ten of the Bankers were struck out by the prowess of his arm.

Batteries—Y. M. C. A., Mossman and Huffman; Bankers, Cass and Lucas, Frenier and Neighborger.

**Time's Changes.**

Why is it that laws which worked very well fifty or sixty years ago are being discarded? Why is it that laws which a quarter century ago would have been laughed down are getting upon the books of every state in the Union? Why is it that there are new ideas in teaching, new ideas about the liberty of the individual, new ideas about a man's relationship with his neighbor? Why is it, in short, that there is a vast discontent with old institutions and old ways? It is because the world has outgrown the government, the ideas, the habits of thought that fitted easily and serenely enough into the lives of our great-grandparents, but which are creaking in their joints now. Life today is a very different thing from life fifty or sixty years ago.—Toledo Blade.

**A Map That Failed.**

The French National library in the Rue de Richelieu, Paris, is full of wonders for the lovers of history. One of its treasures is a map of North and South America as French possessions. The map is dated 1564, and here is the explanation of it: Catherine de Medicis, the queen of Henry II, and mother of Francois II, Charles I, and Henri III, dreamed once of the conquest of the two Americas. She even named viceroys, one for North America and the other for South America. They were on their way to the new world when the queen's audacious plan fell through because of events at home. The queen, however, had a map made showing her projected possessions under the French flag.—New York Sun.

## PAINS AROUND THE HEART

When the action of the stomach is weakened by debility or defective nerve force the food is retained until it ferments. Gas forms and presses on the other organs, particularly the heart, the pains in that region often causing a fear of heart trouble. Organic heart disease rarely causes pain around the heart and when this symptom is noted you should try toning-up your digestion before giving way to needless alarm.

Dr. Williams' Pink Pills are a tonic that directly affects the organs of digestion. They supply to the stomach the rich, red blood without which normal digestion is impossible. They awaken into activity the gastric glands and strengthen the muscles of the stomach and give the nerve force necessary to proper digestion and assimilation. With thin blood and weak nerves it is impossible to avoid stomach trouble. Build up the blood and strengthen the nerves and note the increased appetite, the comfortable feeling after eating and the improvement in health and vigor.

Two books "Building Up the Blood" and "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Dr. Williams' Pink Pills are for sale in every drug store.

## GRIEF STRICKEN PARENTS HOME FROM IRELAND

Mr. and Mrs. William Sherrard Respond to Cable Announcing Son's Tragic Death.

Mr. and Mrs. William Sherrard, of North avenue, who have been touring Ireland, returned to Newark Thursday afternoon, their trip having been interrupted by a cablegram announcing the death of their son, Bert Sherrard, a young Pennsylvania railroad brakeman, who was killed July 27, at McDonald, Pa., by being struck by a train.

Mr. and Mrs. Sherrard were at Balaclava, Ireland, when they received the sad news, and immediately made arrangements to come home.

They left Aug. 7, and when three days out received wireless dispatches announcing the breaking out of the European war. The rest of the 11 days' voyage the captain of the ship, an English vessel, was constantly on the lookout for German warships.

Several nights all lights were put out and the ship plowed through the darkness, until safely anchored at New York Wednesday of this week.

## SHORTAGE OF COAL REPORTED IN HONOLULU

(Associated Press Telegram)  
Honolulu, Aug. 14.—One of the results of the European situation that is being felt here is a growing shortage of coal. Hawaii is entirely dependent upon shipping for her supply and practically all of the coal brought here for commercial purposes has been carried in foreign bottoms.

## CHATHAM HAS HOME-COMING CELEBRATION

Old Guard, Granville High School Band and Prominent Speakers Join in "Biggest Time Ever."

(Special to the Advocate.)

Chatham, Aug. 14.—Thursday was the biggest day in the history of this community. It was the occasion of the annual homecoming. The celebration started early and lasted until late in the evening. The crowd was estimated between 1,500 and 2,000.

Forty members of the Old Guard were here from Newark and proved the chief attraction, with their splendid drills and fine martial music. The members arrived by train at Vanatta and were brought here from the station in automobiles and wagons.

Dr. A. H. Norcross of Zanesville, head of this conference district of the Methodist church, Hon. J. H. Miller of Newark, and Wayne B. Wheeler, state secretary of the Anti-Saloon league, were the speakers.

The addresses were delivered in a monster tent with seats for 2,000. Splendid singing added to the interest of the tent program.

The Granville High school band gave a fine concert during the forenoon and another in the afternoon. A feature of the gathering was a big agricultural parade, with wagons decorated with farm products, 150 automobiles, and many on horseback. The Old Guard and the Granville High school band participated in the parade.

At noon a big spring chicken dinner was served in the grove, free to all. A watermelon feast wound up the noon repast.

Residents from miles around flocked into town, and hundreds of people from a distance came to greet relatives and friends.

## ITCHING IRRITATION

Worst Form of Skin Trouble Quickly Relieved by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try HOKARA, a pure and simple cream, that is guaranteed to contain no grease or acids and which is so clearly that it does not soil the linen.

It is power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only do minor skin troubles like pimples, blackheads, acne, barba's itch, etc., quickly disappear, but the worst ulcers or causes of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try HOKARA at small expense, Evans Drug store is selling a liberal-sized jar at 25c, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.

## SNELLING REUNION

The third annual gathering of the Snelling reunion at Moundbuilders' Park, Thursday, was a grand success in every way. The day was perfect, and the entertainment and association of relatives and friends were fascinating and ideal. The large table was filled to its utmost with many good things tempting to the appetite, from which sixty persons did justice to themselves.

After dinner more than one hundred friends and relatives and enjoyed an entertainment of speaking and singing in connection with the Snelling name and history.

The old officers were re-elected as follows: President, Silas J. Snelling; vice president, James A. Parr; secretary, Perry E. Snelling; treasurer, Noble Snelling; executive committee, Mrs. Jennie Dushimer, Homer Snelling and Mrs. Stanley Courson.

William B. Snelling, 84 was the oldest person present, and the oldest known Snelling in the state. The next oldest is a half-brother, Henry Snelling, a resident of Columbus, who is 74 years old.

Those outside of Licking county who were present were: William, Gra and Henry Snelling and wives and children of Columbus, O.; also Mr. and Mrs. Snyder and Mrs. Frank Snelling of Zanesville, O., and Mrs. Sarah Williams and daughter of Lancaster, O. All present were so well pleased and encouraged that a decision was soon made to hold another reunion in 1915, with renewed interest and vigor for a larger reunion than ever.

Rev. W. H. Baker of this city officiated in prayer and song with interesting remarks.

## METHODIST DAY IN JOHNSTOWN, O., FRIDAY, AUG. 28

Methodist day in Johnstown and vicinity has been set for Friday Aug. 28. Thirty-two men of the Methodist church on the aforementioned date will visit the entire membership. The promotion of loyalty, sociability and Christian fellowship is the purpose of the canvass. Eight automobiles will be employed, four in each automobile, the entire day being given to this work. They will all start simultaneously from the church in the morning, return at noon and lunch together, and then complete their work in the afternoon. The evening will be devoted to having a good time.

## TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alternative to stop night sweats, back fever, and hasten recovery. ## Nearly All Townships of County Request Full Limit From Budget Commission

The Licking county budget commission has progressed in its work down to Madison township, taking the tax districts alphabetically, and not in one instance has the request for funds been for less than was allowed last year. In most instances more is urgently sought.

Jersey township special district was represented in a hearing before the commission late Thursday afternoon. When the commission finished the conference it had allowed its limit, making a tax rate of \$13.80 for this year. It was \$13.40 last year. A contingent fund of \$800 was allowed, with \$1,272 tuition fund.

The Jersey trustees say they will be considerably behind in finances again this year, in view of the fact that a \$500 debt existed last year and they believed they would be compelled to borrow more this year. They had asked \$3500 for their school fund, which would be a levy of 8.4 mills, whereas the state law forbids an allowance of more than 5 mills for this purpose.

Madison member of the budget commission has received a personal letter from the state tax commission demanding that each district's appropriation be cut to the lowest possible figure.

## THE WORLD'S GREATEST OF NERVE TONICS

Nerv-Worth, Now On Sale At T. J. Evans Drug Store Has Worked Wonders.

As was announced in these columns Thursday the marvelously successful new nerve tonic, Nerv-Worth, is now on sale at the T. J. Evans Drug Store, Warden Hotel building, and already many have visited the store to take a sample dose of the medicine, which is free, and to listen to the story of its wonder-working as told by the Nerv-Worth specialist there.

Already it is certain that a large sale of Nerv-Worth will take place in Newark. Its success in Zanesville, where 1,000 bottles of the remedy were sold during the past two months; and in Dayton, where 200 bottles of it were sold in one week recently, indicates the demand on all sides.

Nerv-Worth, the world's greatest nerve tonic, is good for men, women and children. It is daily giving quick relief and lasting benefits to a large number of people suffering with nervous debility. The victims of this disorder exhibit many varying symptoms—palpitation of the heart, indigestion, trembling, low spirits, that tired draggy feeling, poor circulation, pains in chest, back and sides, sick and nervous headaches, and many others of similar character.

Nerv-Worth strikes at the cause of these conditions and strikes swiftly. Not content to bring mere relief, it tones up the affected nerves and brings them back to health. You risk nothing in testing Nerv-Worth. It is guaranteed. If it fails to help, get your money back. And it is perfectly safe to take. There's not a habit-forming drug or other harmful ingredient in it.—Adv.

### "Needless to Have Superfluous Hair"

Says Mrs. Osgood

After years of disappointing experiments Mrs. Osgood has found a Wonder-Remedy that quickly and safely removes all signs of superfluous hair on face, neck, arms, or elsewhere, without the slightest annoyance, or risk of injuring the skin. No percutaneous needle or evil-smelling depilatories. Simply apply the prescription as directed and all unsightly, embarrassing hair quickly disappears.

Kitty Osgood's Wonder is sold on a Money-Back basis by Evans Drug Store, who reports many satisfied customers. All first-class druggists and department stores carry it now. Get this famous prescription today—at once—and rid yourself of every trace of superfluous hair without delay.

## SAGE TEA KEEPS YOUR HAIR DARK

It's Granmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it renders the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agents Hall's drug store.

Manufacturers of greenhouses and makers of boxes are getting in touch so that the latter may use for box clear the cypress waste from the greenhouses.

**Due to the War.**  
A Newark manufacturer told an Advocate man Friday afternoon that he could make ten thousand dollars in 24 hours if he could secure deliveries on goods he had bought under contract. The trouble is that the "war clause" permits the practical cancellation of the contracts and shipments are being withheld. A well known druggist said Friday that he is "up in the air," having a hard time to get what goods he needs. The wholesale drug prices are soaring on account of the European war.

**Bound Over for Theft.**  
Bert Griggsby and Charles Deininger were charged before Mayor Bigbee with stealing brass wire from the Ohio Electric railway, and were bound over to the grand jury.

**PREDICTING AN EARLY DIVISION BETWEEN CHIEFS**

(ASSOCIATED PRESS TELEGRAM)  
El Paso, Aug. 14.—Carranza officials here today denied emphatically reports from Washington that Carranza authorities in Tampico recently had stopped a cargo of ammunition from reaching Villa, the northern divisional commander. Villa's representative in Juarez also declared that Villa had received the ammunition landed recently by the steamer Hatteras at Tampico.

Today saw no change in the threatening outlook for an early division between Villa and Carranza. Rumors that Chihuahua, Durango, Zacatecas, and Sonora states would combine their armies and give General Villa the leadership of an open breach with the Carranza forces, gained ground here today. Observers predicted that Carranza would not be powerful enough to prevent this separation.

General Carranza left La Tula, Hidalgo, yesterday according to advices received here today by constitutionalist Consul Muzquiz.

It was the belief among constitutionalists that the first chief already has joined General Alvaro Obregon, whose advance guard is within 12 miles of Mexico City.

**FINANCIERS MEETING WITH SEC. M'ADOO**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 14.—Financiers of national repute and representatives of shipping and other industrial interests from all over the country, gathered here today for a conference called by Secretary McAdoo to consider the problems of foreign exchange and facilitating transportation of the grain and cotton crops to European markets. More ships to move the great crops now held back as a result of the war and restoration of the market, for bills of exchange—these constituted the object of one of the most important conferences ever held here.

Along with the discussions planned to clear up the export situation was the exchange of views regarding reduction of gold reserves in the national banks with a view of meeting foreign obligations and maintaining American credit.

Those who had accepted invitations to attend the treasury department conference included among others the following:

J. P. Morgan, James J. Hill, Benjamin Strong of the Bankers' Trust company; James Speyer and August Urich, of New York; David R. Francis of St. Louis, former secretary of the interior in the Cleveland administration and many others.

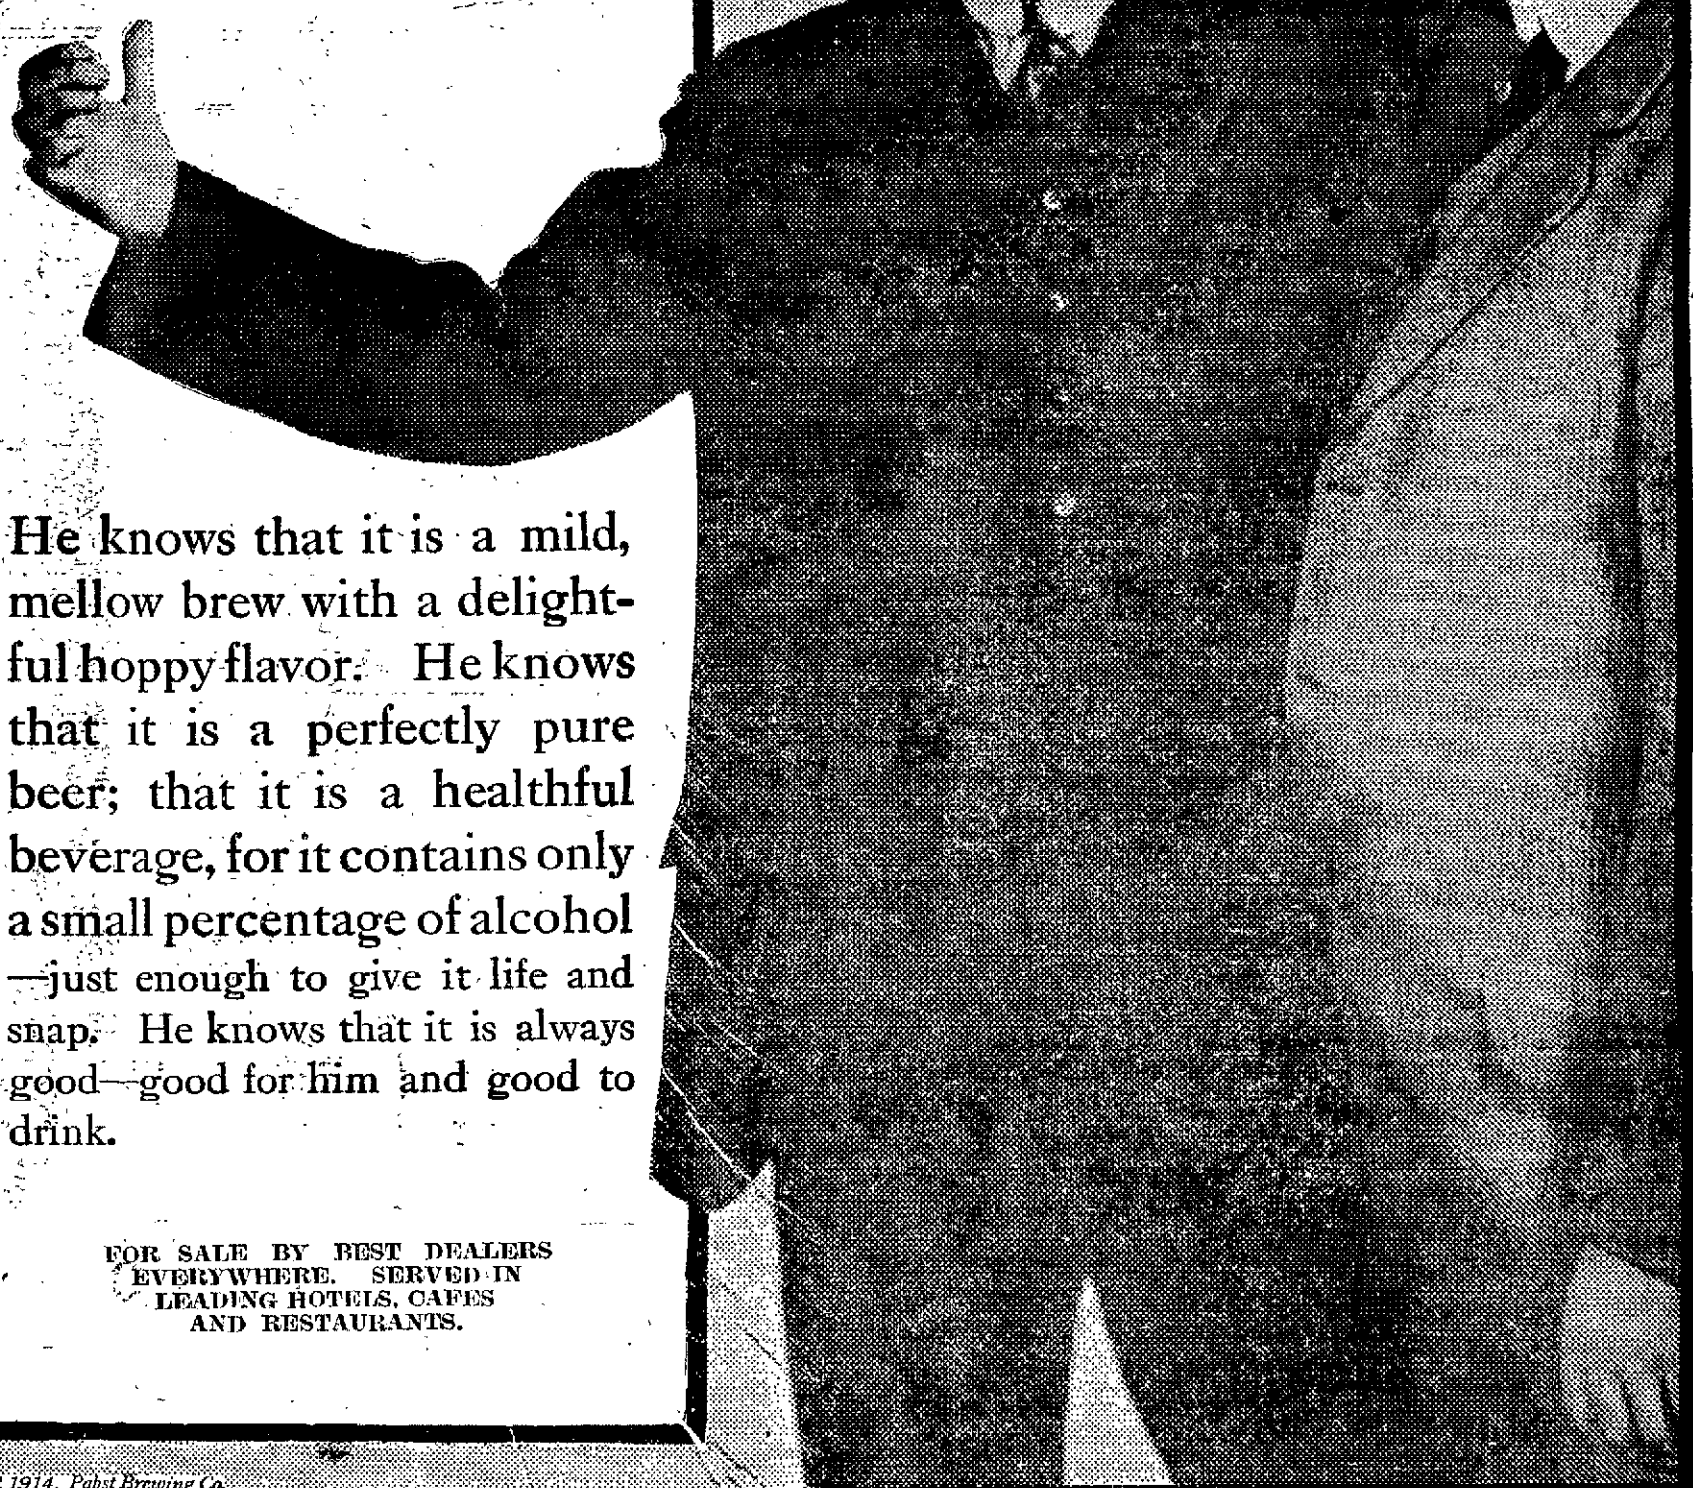

The area of corn harvested in the United States in 1912 was 105,320,000 acres.

### GREAT GAMES WITNESSED ON TENNIS COURTS

A crowd of several hundred people witnessed the tennis tournament at the White Athletic Field Thursday afternoon at which the championship of the city was at stake. The result of the tournament was that Tenny Reese and William Donald will compete for the championship of the city in the final match to be played at 2 o'clock next Thursday afternoon.

In the match Thursday afternoon there were four contestants. William Donald beat Frederick Wright, Jr., Wright winning the first set by a score of 5 to 7 and Donald winning the second and third by scores of 6 to 4 and 6 to 3. Tenny Reese beat Edward Wright in two straight sets by scores of 6 to 4. All of the contestants are experts, and this is probably the best array of tennis ability that Newark people have seen this year. The playing was spirited and extremely interesting.

Due to the illness of one of the young ladies the match for the feminine championship of the city was not played. At the beginning of the season thirty-six were entered in the girls' tournament. All have been eliminated but three, these being Misses Martha Wright, Mary Wright and Ruth Hearst. The feminine tennis championship of the city will be decided in a final match to be held next Thursday afternoon.

Tennis is growing in popularity in Newark. The excellent courts, the healthy and invigorating exercise that it offers, the fascination of the game and love of this excellent sport have led women and children and many of the leading business men of the city to participate in the matches that are held at the White Athletic Field. Throughout this summer there has been more tennis played in Newark than ever before. At no previous time has there been more courts in the city. At the present time there are not enough courts in the city to accommodate those who desire to play. At any time during the day the casual observer may see perhaps a score waiting their turn to use the courts at the White Field. Some spirited matches are promised for this afternoon when Dave Reese, the champion of Denison university, meets local players.

### PROBE OF PRICES

(Continued from Page 1.) particularly as to whether such reasons are the actual ones.

"Give special care to determining if there has been any advance due to speculation, either on the general war situation on temporary delay in ocean transit. Consider whether a fair stock exists or is available of any commodity that may have been advanced and whether the facts show a purpose to use the war situation to secure undue extra profits by increased prices.

"Study to learn if any combination exists at advance of prices under existing conditions. When the facts shall have been determined sufficiently to give a clear idea of the general situation, report them promptly to the chief of the bureau of foreign and domestic commerce and continue the inquiry subject to instructions."

### NEW YORK WILL HAVE THOROUGH INVESTIGATION

(Associated Press Telegram) New York, Aug. 14.—Special agents of the department of justice, working under the direction of Assistant United States District Attorney Roger B. Wood, today started upon an investigation of the causes for increased prices of food stuffs in this city. These agents will seek to learn if a combination exists in violation of the Sherman law to control food supplies and dictate prices.

Independent of the government investigation, wholesalers and retail dealers of food stuffs have been sum-

moned to appear today before Assistant District Attorney Deford of New York county. Mr. Deford has also arranged for a conference with members of the produce exchange who will be asked to explain an advance in the price of flour in view of the bumper wheat crop in the west. Representatives of the big packing houses here have been invited to attend a meeting in Mr. Deford's office late today when the high price of meat will be discussed. Members of the open market committee, the mayor's committee will attend this meeting.

### CHICAGO WOMEN START BOYCOTT

(Associated Press Telegram) Chicago, Aug. 14.—Special agents under orders of James H. Wilkinson, United States district attorney were at work here today tracing increased food prices to their sources. Mr. Wilkinson arranged to cut short his vacation and to take personal charge of the investigation tomorrow.

Sugar at retail went to eight and ten cents a pound in retail stores here yesterday and the amount that might be purchased by a single customer was limited in most of them. Wholesalers have put a limit on what they will sell to single customers, it was stated.

A boycott by women's organizations on high priced meats and provisions was inaugurated today.

### ATTY. GEN. HOGAN TAKES ACTION

(Associated Press Telegram) Columbus, Aug. 14.—Attorney General Hogan announced today he had taken active steps to investigate the rise in prices of food stuffs in Ohio during the last week by notifying special counsel in his department in different parts of the state to entertain complaints and forward them to him here.

He said he had not decided how to proceed against any violators of the Valentine and Collins anti-combination laws which might be discovered by his special counsel.

Mr. Hogan expressed the opinion that there is no valid reason for most increases in prices of food stuffs. He pointed out that the commodities that have gone up most in price are those which do not come from European countries, such as sugar and coffee.

Reports reached the attorney general's office today that a number of commission houses had attempted to boost the price of watermelons, claiming the war was responsible.

### SPEAKING TOUR LASTING 4 DAYS FOR ROOSEVELT

(Associated Press Telegram) New York, Aug. 14.—The plans of Colonel Theodore Roosevelt during the fall campaign will depend upon the condition of his voice after the strain of a four days' speaking trip in New England on which he will start tomorrow morning. Colonel Roosevelt has been taking a rest cure forced upon him by his physician when larynx trouble developed soon after his return from Madrid.

### PRES. WILSON

(Continued from Page 1.) within its rights in adopting any measure necessary to preserve its announced attitude of strict impartiality in the present war. It was understood that after the cabinet meeting the administration's decision was to be conveyed to the German charge d'affaires.

The loan question was up on an inquiry through the state department by J. P. Morgan and Co., as to whether the flotation of a loan of several hundred million dollars by that concern to France would be a violation of neutrality. Although American neutrality statutes do not provide against loans to foreign nations and no international agreement exists forbidding it as a violation of neutrality, yet it is President Wilson's belief that to allow it, serious misunderstandings might ensue in Europe as to the real attitude of the American government and people towards the warring nations. Potent reasons for discouraging the floating of the loan the president believes are that the American government's influence ought to be exerted to reduce the length of the war rather than adding elements to prolong it; his opposition to shipments of American gold at present when domestic financial needs are paramount and possibly of causing ill feeling of citizens in this country of particular sympathies in the war.
